

Sinner

[Verse 1]

G
I wish I knew you
Back when we were both small **C**
I wish I knew you
But I have gotten too tall **G**

G
I wish I knew you
When touch was innocent **C**
I wish I knew you
Before it felt like a sin **G**

[Chorus]

C
Oooh, Felt like a sin
Aaah, Before it felt like a sin **G**
C
Oooh, Felt like a sin
Aaah, Before it felt like a sin **G**

[Verse 2]

G
There's nothing for me
Here, where the world is small **C**
But how you touch me
For that I'd leave it all **G**

G
Back in the city
Cold eyes and lips of dust **C**
So turn and face me
Turn to the altar of lust **G**

[Bridge]

Stay through the night

C

G

I'd spend the mornings by your side (pray for me in your knees)

Time slips away (pray for me on your knees)

C

(Pray for me on your knees) before the hillside turns to grey

G

Pray for me, kneel with me

Soak in the crystal stream

C

Wash the sin from your back

G

Cleanse my soul, make me whole

Dance in the morning glow

C

Hold me, we can't go back

G

Before it felt like a sin

[Chorus]

C

Oooh, Felt like a sin

G

Aaah, Before it felt like a sin

C

Oooh, Felt like a sin

G

Aaah, Before it felt like a sin
